Hello,

Our group has a new Noncommercial Educational Low Power FM station in Jonesboro, Arkansas that we plan to have on the air by the fall of this year. Our focus will be heavily on minority programming. We would be interested in running some of your programs such as Black Health Now, Focus on Women, and Power Minute. Do you have these programs available for noncommercial mon profit educational LPFM's such as ours and if so what would we have to do to get the programs.

to me

Thank you for contacting us. Yes, our programs are available and are running on a number of college stations. What those stations do is remove the commercials before they put them on the air.

All that is required is for you to complete and return the attached station reservation form to us.

We wish you much success with your new station.

Al

to me

Thank you for agreeing to join our family of affiliated media partners! We have received your station reservation form. Please be sure to let us know when you are going to be on the air so we can send you the download instructions in advance. Please be sure to let us know who in your organization should receive our weekly e-mail notifications about the programs.  
Many Thanks!
